David & David:

With the federal government opening 3 hours late today, will we still be able to meet at 10 a.m. at your offices?

I will reserve a room at CLA as a backup, in case there is not a room available at Potomac Yards.

I've booked a 10 am to 11 am slot for this. Not able to book a room, so we may have to play it by ear (as of a few weeks back, EPA has moved folks from OSWER, OGC, and other EPA offices onto our building to save rent, so we are all compressed and competing for the same conference rooms so they are less available.)

David H. has his calender marked off for this time (10 to noon), but I don't know what it is – I will leave it to him to get back to you about whether he can make it or not and if alternate arrangements need to be made.

David.
